To Whom it May Concern,

We are writing to express our concerns over the development of Leeder House, Tri-yoga offers such a great service to Primrose Hill Conservation area and the proposed change of use is completely at odds of the Councils promise to preserve the areas unique character, whatsmore the centre brings in so many people to the area for the public good and it will have such a negative impact on trade and the high street that the business use should be protected under DP13 not got away with,

We own a small business in Camden and personally use the centre along with lots of customers and the feeling at grassroots level is that centres like Tri-yoga are crucial community hubs for the area and have to remain and be protected, I truly hope you will listen to the overwhelming majority that oppose the development

Yours Sincerely,

[REDACTED]
