Dear Ms Dean

Please note that as a ward councillor for St Pancras and Somers Town Ward in which Cranbrook House is located I oppose the application to install a phone box on the pavement adjacent to Cranbrook House as it is the wrong place for such a phone box-as phone boxes located in that area in the past have been vandalised; used as advertising for nefarious activities; used as venues for drug dealing etc. They are also a clutter on pavements where disabled people with limited mobility and wheelchair users and blind and visually impaired people seek to walk; and there were some time ago 2 such boxes in Crowndale Road removed because they were used for urination; drug dealing etc as was another one removed at my request in Chalton Street outside 64 Chalton Street some years ago.

So I officially object and please advise me when it will come to Development Control Committee so I can attend to state the reasons for my opposition.

Regards

Cllr Roger Robinson  
St Pancras and Somers Town Ward.
