Planning application address.....3 FELLOWS ROAD, LONDON N.W.3 3LR.....

I support the application (please state reasons below)

I object to the application (please state reasons below)

Your comments

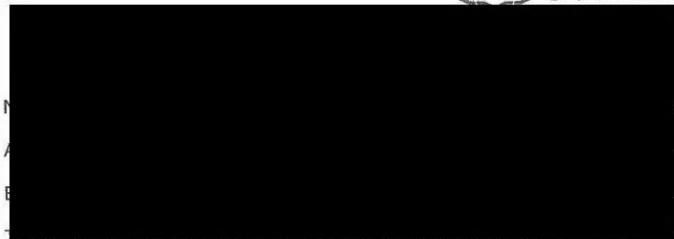

In Principle I support the application, subject to the two following conditions:

1. No work to be carried out on the site on 3rd June 2014.
(Important university exam requiring absolute silence on that date)
2. No encroachment into or obstruction of the adjacent wheelchair access at any point. This wheelchair access ramp runs the entire length of the boundary. Full access needs to be available at all times in case of emergency.

Your comments

I prefer things to remain as they are. I pay for a parking permit and already struggle to park near my house without another ^{space} few spaces being lost by the lowering of the curb. I also think it's important for gardens to remain ^{with the hedge} ^{and wall} gardens. There is enough concrete in this city. I think that a carpark outside the front of the flat would change the character of the street completely. The house further up has concrete front + paving + it always looks fatty, ugly + people dump rubbish there. Can this be moved please?

Please continue on extra sheets if you wish

I like the greenery it is important. I do not want ~~concrete~~ ~~concrete~~ ~~concrete~~ Pro

* I prefer my name to be kept private if possible so I can be honest in my views. I do not want to upset neighbors
