Elaine Quigley,  
Planning Services,  
London Borough of Camden.

Dear Elaine,  
Please will you register my objection to this application. My grounds for objection are exactly those detailed by Caroline Hill in her excellent letter to you of 13/10/13. In short, I see the proposed demolition and crude replacement of The Castle as The Big Money ruining the character of Kentish Town - for no other purpose than Monetary gain.

Sincerely
