Dear Ms. Skelli-Yaoz,

Re: Planning Application: 18 Charlotte Street, W1: ref. 2013/5785/P

We regret the proposed roof extension. We would particularly draw attention to the large amount of proposed roof that will be visible on the front elevation, and which relates poorly to this terrace of buildings. To ameliorate this, we would suggest that the existing front parapet is raised so that the new mansard roof is less prominent.

Yours sincerely,
