I am writing to strongly oppose the plans for the proposed development of 6 erskine  
mews meaning that my yoga centre-triyoga-is in danger of closure!! I have been  
practicing yoga at triyoga for years and cannot stress enough how many people come  
together to practice, work and get healthier at triyoga This actually happened to the  
yoga centre I used to go to before I found triyoga and the loss of jobs was appalling.  
I really believe it would be a huge mistake and loss and will have a detrimental  
effect on the local community !
