To Whom It May Concern,

Dear Sir, Madam,

I am writing to you regarding 6 Erskine Road. The référence I have is 2013/6326/P.

I am saddened to hear that it is a question of re-developping that wonderful part of Primrose Hill and changing the nature of the various businesses that have existed there for ages.

I am opposed to any project that would change the existing buildings and/or the nature of the premises.

Please feel free to write me an email if there is anything more I can do to stop the developpers from changing what makes living in primrose hill so special.

Thank you for consideration,
