Does everything wonderful and used by the public always have to be turned into a block of flats???

1. Leeder House and the other units (including triyoga) are suitable for continued business use and should be protected as such as indicated by policy DP13;
2. The site is within the Primrose Hill Conservation Area. The change of use and the proposed physical alterations are out of keeping with the character and appearance of the Conservation Area. (They also propose to raise the structure by another story which would ruin the light for most neighbours)

I have used this wonderful Facility for Yoga for the past 13 years. So have 100's of people who live in North London. This would be a huge loss to the neighbourhood if TriYoga is turned into flats.

Are the needs of 20 rich people more important than the needs of 100's of people who have benefited from Tri-yoga over the past 20 years? I think NOT! Another ridiculous idea from Camden Council!

3. A comprehensive approach should be taken to the development of all land/buildings at 6 Erskine Road including triyoga so that the impacts can be fully understood and assessed e.g. employment lost aside from what we believe will be the huge negative impact on the High Street and its daily trade.
