Dear All,

With great disbelief I have learned that there are plans to re-develop 6 Erskine Road and it might have an impact on Triyoga.

As a student/client of Triyoga I visit Primrose Hill twice a week and I don't think it would be the same without all the Triyoga people one pumps into at any day of the week. Not only is Triyoga a centre for all of us which fosters learning and peaceful connections amongst us all and with the environment - I also strongly believe that Primrose Hill has benefited from us being there. The local businesses where we have our lunches/dinners after class/treatment or the shops where we get our daily supplies and sometimes even treat ourselves to a nice pair of shoes.

I would imagine not only would Triyoga be badly effected but the whole community and businesses in Primrose Hill.

I can't believe that one developer's ideas are more important than the negative impact it would have on the whole area and many individuals as well.

Looking forward to hearing about the progress and hopefully positive decisions.

Best
