NOTES :

1. Existing feature staircase to be retained and restored.
2. Proposed relocated DDA compliant lift.
3. Retained and restored rear facade. One existing window opening to be altered into a door to allow level threshold access.
4. Glazed 'bridge' connecting existing building to the new extension
5. Existing open light well to provide additional amenity and natural light to internal spaces.
6. Rear external wall to bedrooms - hermetically sealed, floor to ceiling height glazed facade with opening sliding doors to external balconies
7. External balcony within semi enclosed garden
8. Opaque frameless glazed screen to allow light and restrict direct views into neighbouring properties. Level of opacity will ensure discretion and privacy are maintained.
9. Glazed roof to first floor apartment below
10. Proposed upgraded double glazing units within renovated existing sash frames to improve thermal and acoustic performance
