To whom it may concern,

It has come to my attention that planning consent has been applied for to change the use of the front of the building at 6 Erskine Road from commercial to residential. I can only hope you will throw it out as ridiculous. Primrose Hill is awash with residential property and people trying to make a fast buck. Converting the property from commercial to residential will make the owner a significant amount of profit but will be deleterious to the locality. Having commercial property in the area is essential to keep a good and proper balance.

Primrose Hill has an excellent balance but changes such as the one proposed will erode it.

I hope you will see fit to reject it.

Yours faithfully,
