Subject: Objection to planning application for extension to numbers 7-9 Perrins Court NW3

Dear Linda Chung/Rachel Miller

Re: Planning Application 2013/5170/P

I am writing to oppose this planning application which has serious issues for my property at **14 Village Mount, Perrins Court, Hampstead, NW3**.

My objections are on the following grounds:

1. The proposed additional storey would overlook and restrict the light in my apartment and compromise my privacy.
2. The extension would have a negative effect on the historic nature of this conservation area. It would alter visual harmony of the street, which has an appropriate mix of commercial and residential buildings. Significant loss of light would create a tunnel effect in what is a narrow thoroughfare. Essentially it would change the character of the area.

Yours faithfully
