Planning application number..... 2013/6128/P

Planning application address..... Station House, 9-13 Swiss Terrace NW6 4RD

I support the application (please state reasons below)   
I object to the application (please state reasons below) 

Your comments

My home is already bombarded by sound, day and night. To have a lot of work next door would increase this racket intolerably. With Coesta House and Centre Heights already in place, there is no need to further increase the density of the local population. I've been inside Station House, and I don't believe that it could be converted into flats, without there being too small in room size even for social housing. Please no!
