In regard to the above it is my opinion that keeping the high street area commercial would be in the best interest of the Primrose Hill community. There is plenty of residential housing in the neighborhood. Many small businesses have been driven out by higher rents. The Triyoga studio is beneficial to so many local residents who can walk there. It adds to the community as it promotes easy access to health and wellness activities. I do recommend that you ensure that Triyoga remains, and the facilities so near the high street are used for much needed commercial activities that support the residents and people who come into Primrose Hill. My son and his family live at 127 Gloucester Avenue and I spend a great deal of time there with them. The Triyoga studio is very important to me.

Respectfully,
Jane Wechsler
