To whom it may concern,

I would like to voice my objection to the proposed plan on the basis that it will impact negatively on the local community. Triyoga brings a great deal of enjoyment and revenue to the residents of the immediate location. I travel regularly to Triyoga Primrose Hill, from Wandsworth for weekend long workshops. During breaks in the training i like many others take the time to step out to local shops, cafe's and restaurants to browse and to buy. I am one of many yogi's up to 80 can be attending a workshop and it is impossible to ignore our presence and impact in the area. I am sure Triyoga has contributed to the development of the area drawing high spending people to Camden from across the globe. This proposal may generate a large capital boost for the landlord but will impact negatively on everyone else in the borough.

Yours faithfully
