Dear Camden

I am writing to express my concern, and that of many of my friends, about the proposed change of use from commercial to residential use of the buildings at 6 Erskine Road.

I attend the Triyoga building very regularly and although I don't live in the heart of Primrose Hill am only a short walk away.

I always shop in Primrose Hill and have a coffee at one of the cafés after the class - as do many of the people who come to Triyoga. I would not shop there otherwise as I am nearer to Belsize Park.

I feel it would be a great loss to the community to close Triyoga as the additional trade we bring to the businesses in the Village - both cafes and shops - is considerable.

On that basis I hope you will reconsider.
