We write on behalf of our client, Stanley Sidings Limited, enclosing an application for the discharge of condition 60 attached to planning permission 2012/4628/P.

#### **Condition 60**

**The development hereby approved shall not commence until such time as a suitably qualified chartered engineer with membership of the appropriate professional body has been appointed to inspect, approve and monitor the critical elements of both permanent and temporary basement construction works throughout their duration to ensure compliance with the design which has been checked and approved by a building control body. Any subsequent change or reappointment shall be confirmed forthwith for the duration of the construction works.**

Yours faithfully
