Response:**Comment:**

Our association strongly objects to this application to vary the condition imposed at a planning appeal.

OBJ

The inspector recognised the close proximity of residents in Scala Street and Whitfield Street and set the hours of use accordingly to protect residents amenity.

The location of these premises is entirely unsuitable for operation beyond those hours laid down by the inspector.

The extension of these hours will cause nuisance to residents because of the plant noise, customers arriving and leaving the premises, and customers stepping outside to smoke in Whitfield Street and Scala Street.

There are a large number of private cars, taxis and mini-cabs used by the restaurants customers. Extending the hours will add further to the traffic.
