

To whom it may concern,

I am a resident on Gloucester Crescent where all the buildings on the Crescent are listed and the area is a conservation area.

I am objecting to this proposal on the basis that it's design and scale will be in direct juxtaposition to the beauty of the historic street. It is quite clearly very different from every other building on the Crescent and the Council does seek to affirm its commitment to excellence in buildings and high quality design as well as protecting historic neighbourhoods.

Regards

James Hutton-Mills
