Dear Mr McEllistrum,

**Planning Application 2013/1598/P, Garden Halls Redevelopment**

I am writing on behalf of Queen Mary, University of London in support of this planning application.

The University of London's intercollegiate halls are considered a valuable addition to our own on-campus accommodation. The provision of more good quality, well managed accommodation at a price that our students can afford is key for student wellbeing and essential if we are to compete in a more challenging market. The increased number of beds and the variety of types of accommodation that will be provided by this redevelopment will be most welcome.

Yours sincerely

Bill Miller  
Estates Surveyor  
Estates and Facilities Directorate  
Queen Mary, University of London
