Application Reference.....2011/4390/P

I am writing this e-mail to object in the strongest possible terms to the above application.

I am very concerned about the impact that the building works will have on the Heath and all the people who use it happily each day.

It is virtually impossible for any heavy goods vehicles to use Millfield Lane without causing a great deal of damage to the very well established vegetation and the environment.

I am also concerned about the impact on all the people who use the Heath for walking and cycling and swimming etc.

I must object very strongly to this application and very much hope that a rapid halt is called to the building work.

Yours Sincerely

Trevor Murphy
