Subject: Planning application 2013/4967/P

Dear Mr Whittingham

Planning application 2013/4967/P

I write to reiterate the concerns raised by my neighbours about being overlooked by the Juliette balconies to the rear of this proposed development.

I also feel it would be beneficial to involve the *Bloomsbury Conservation Area Advisory Committee* in the planning decision, since I believe they would contribute an informed opinion on the impact of the proposed structure.

I look forward to following the progress of this application.

Yours sincerely,

Simon Dew
