There may be loss of privacy if windows are in the wall overlooking neighbours. parking space is a problem - this road. Drainage will definitely be a problem. There is a shared drain for all houses of 56 and 58. We had considerable expense same years ago and 56 have had their drain blocked twice in the last year. Because 1st time builders rubble in drain and recently wet wipes and similar. There will be a total of five parents joined at two extensions (if the EBC is approved) therefore there will be many more people's waste products going into the existing shared drain, which was not designed for this number of people.

Please continue on extra sheets if you wish
