I am reiterating the comments I made earlier concerning this application which were:

- 1/ Loss of light/privacy, there is limited sunlight at the rear of the property - any extension would reduce the light even further.
- 2/ There have been repairs to 6 Lamballe Rd due to extensive cracks in the walls. Any digging to create a basement is likely to cause these problems to re-appear. We are just recovering from the disruption that work caused.

Please continue on extra sheets if you wish
