

Planning application number..... 2013/4430/P
Planning application address..... 56C Flats 1&2, King Henry's Rd NW33R

I support the application (please state reasons below)
I object to the application (please state reasons below)

Your comments

I do not agree to a real extension next door to my house. In particular any glass wall around a balcony blocks light to the back of my home. This extension will ruin my garden and terrace. Any building must be painted white and no solid railings so that as much light as possible can be reflected to my property. Please ensure that this is not cheaply botched as the design of these houses is not always respected by speculative owners & Camden planning.

Please continue on extra sheets if you wish

12th Aug

Please could Paul Gardner
telephone me to discuss this
application as Camden has
not written to me directly or
put the details on line yet
and we now have only 14
days to appeal.
