Ref: Planning Application: 2013/4415/P

Dear Aysegül Olcas-Chamberlin,

I am writing to support the planning application to recreate a single campus for SOAS, University of London in the North Block of Senate House.

Senate House has been unoccupied for some time and I believe the redevelopment would transform it and restore its relevance as an integral building in the life of SOAS and the University as a whole.

Yours sincerely,
