Ref 2013/4270 31 Windmill St. W.1

Dear Sir / Madam

As someone living very near the premises in question I wish to make strong
objection to the proposed opening restaurant front at the above.
Long experience in Fitzrovia shows that such open fronts invariably cause noise
nuisance and disturbance over a wide area.

The affected part of Whitfield Street, Greville Place and Windmill Street are overwhelmingly
residential and are very quiet in the evenings and at weekends & quality
which would be destroyed by this proposal. It should be refused.
