## **Method Statement**

15/8/2014

Kiwi Building Services  
Patterson House  
Canalside  
Trumpers Way  
London  
W7 2QA

For works to 81 Guilford Street, London.  
Brickwork to Front Elevation.

The Works.

To clean all brickwork to the front elevation and to the soot wash the brickwork to give an “aged” appearance .

The Process.

The Brickwork to the front elevation will, first, be cleaned using “ The Therma Tech” system of Ultra hot water pressure wash, this will ensure all dust, algae ,moss and the like will be removed.

Starting from the top of the building and working downward, the brickwork will be washed and then allowed to dry overnight.

The following day , the brickwork will have the Soot wash applied.

The soot has water added to it, and is then applied to the brickwork by brush in two number applications to leave an even finish.
