The proposed 2 storey extension is considered to be excessive and harmful to the area. The elevational details from the adjacent bldg on Kingsway are being of a greater height. This would be expected as occupying a corner site on one of the ~~major~~ major thoroughfares in LONDON. The same cannot be said of G Q st. ~~There~~ There is recognition of a bulk issue by the setting back of the western most section but this is unsuccessful and ~~area~~ would create an asymmetrical composition inappropriate for the area. This would neither preserve or enhance the area and should be rejected.
