Proposal: Change of use of part of the ground floor from office space (Class B1) to restaurant/cafe (Class A3) and the installation of new entrance doors and a ramp to the front elevation and the installation of a service door, grill platform, 4 external condenser units and extract fans to the rear elevation.

Noting the large Starbucks sign adjacent, it would surely be inappropriate to have another large restaurant/cafe sign next door - such excessive signage is not really appropriate to a Conservation Area + the obvious commercialism clashes negatively with the historic Tavistock Gardens across the road. Extractor fans to the rear of the property would presumably impact on the residential amenity of those living in Burton Street.
