CULTURE

1. Our third and fourth floor living areas to the rear of the property would experience noise and disturbance from use of roof terrace after hours and at weekends - usually not occurring.
2. We are concerned with the materials put into the proposed planter - any soil/plants will fly out to our terraces on our third and fourth floor terraces - dead leaves will be a nuisance and any falling material like plant debris from the proposed planter may lead to our gutters and drains being blocked on our property.
- 3 Please keep us notified of the final decision.
