Re: Application for Planning Permission
Abercorn School 37-63 Fortune Green Road, NW6 1UJ
Application Ref. Number PP-0274079

Dear Sir/Madam,

I wish to seriously object to the proposed application for a school at 37-63 Fortune Green Road NW6 1UJ, as there is insufficient parking for parent bringing and collecting their children

At present as a result of clients at the Gym in the same block using Ingham Road to park whilst there, there is a serious parking problem for local residents. With the addition of parents delivering and collection children twice or four times daily the traffic problems in Fortune Green Road and surrounding roads will become chaotic!! None of the houses in Ingham Road and surrounding roads have garages consequently there is always a parking problem for residents. An influx of parents can only make matters considerably worse.

I trust, therefore, that the council will not approve the application unless adequate transport facilities are made available.
