

The Heath & Hampstead Society

P.O. BOX 38214 LONDON NW3 1XD

The Society examines all Planning Applications relating to Hampstead, and assesses them for their impact on conservation and on the local environment.

To London Borough of Camden, Development Control Team

Planning Ref: 2013/3934/P

Address: 5 Cannon Lane NW3

Description: Roof modifications.

Case Officer: Hilary Cuddy

Date 12 July 2013

This is the *fifth* application for various stages of development of this very prominent site. We deplore this succession of multiple applications, each wanting more floorspace, and more enlargement of this dreadful house. We have objected at each stage, and there is some doubt that permission would have been considered if all the proposals had been amalgamated into an integrated design. We therefore object again, on principle.

The house, enlarged at each stage, is contrived to appear more and more like a second-rate office building, unworthy of our Conservation Area, future generations will look at it, appalled at its crude design.

This current proposal, to enlarge the roof, would make it more conspicuous.

Please refuse.
