Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.  E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.  Rear Garden; Beech Ht 18m dbh900mm Draw in North East and South sides to previous points of reduction clean crown through.  London Plane Ht 14m dbh 750mm Remove 4x small diameter branches to create a window of ligh from the SW onto patio.  Front Garden  Hornbeam Ht14m dbh600mm Reduce crown to previous points of reduction.  Front of 6a London Plane Ht22m dbh1200mm  Reduce North and West side to previous overhanging roof	ii you know willer	i ii o protects the t	rec(s) eriter its title of it	diffici below	
Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).  Please provide the following information below: tree species (and the number used on the sketch plan) and description of works.
