Dear Matthew,
I hope you are well.
Please find attached the requested drawings.

As you can see from the drawings, there are no changes in the basement
No changes at the ventilation system.
What we try to achieve is to level the roof on the 1st floor rear side and also introduce some daylight for the restaurant.
There is no big impact at the rear elevation, as there will be no windows on the side - therefore no overlooking problem.

Please let me know if everything is ok.
Thank you in advance,
Best regards,
Debbie

Dear Matthew,

Is it ok if we submit the requested drawings on Monday or Tuesday?

Thanks,

Debbie

2014/3710/INVALID - 93 Charlotte Street

Dear Debbie,

Further to our telephone conversation today, please see the attached letter requesting further information regarding your application for works at 93 Charlotte Street.

As discussed the reason for the delay in responding to you initially was that; the technician who had been given the case was taken ill.

Following your response to my previous letter; I also sought advice from the case officer who shall be dealing with this application once it has been registered, which has taken a couple of days to get back to you.

Please send updated/ additional information to planning@camden.gov.uk

Should you have any queries, please contact me.

Kind regards,

Matthew

Matthew Dempsey
