I support the applications P2013/1423 & P2013/1435 for the development of new residential areas. I do hope, however, that such new housing will also come with improved retail space, new sports facilities, better transport connections, as well as leafy communal gardens - for the enjoyment of ALL residents... and when it comes to putting up new shops, please no more chains! Can we ensure that our neighbourhoods are unique and support local businesses, instead of handing them over to another lot of greedy corporations?

Thanks for taking my comments into consideration.
