

Dear Camden,

I live directly behind the property at 9 Arkwright Road, London NW3 6AB and I support their change of use to residential. I can not think of a more fitting use for the property than to return it to its original use as a house. The neighbourhood is primarily residential and its use as an office over the years has been a disaster.

Please join with me and my fellow neighbours and support this planning application with all due haste.

Regards,

Sara Bramah
