Dear Ms Peck

Re: Centre Point.

Application Ref: 2013/1957/P & 2013/1961/L and 2013/1970/P & 2013/2000/L

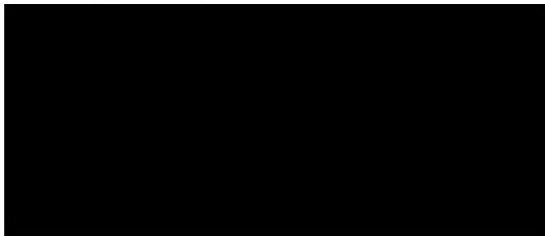

I would like to register my support for the above planning applications in relation to Centre Point.

I support the proposals for the following reasons:

- The proposals for Centre Point will safeguard this magnificent listed building by refurbishing and restoring it fully.
- This is a detailed and well thought through proposal which will significantly improve the local area. It will introduce living space to what are currently under used offices, creating much needed accommodation in the area with extra footfall for local businesses during the evening and at weekends.
- The plans to introduce affordable housing at the Intrepid Fox site is welcome. Affordable housing is scarce in this part of London and its introduction at this site is an excellent and rare opportunity that should be encouraged.
- There will also be new shops, restaurants and bars, which will provide a significant amount of new jobs on site.
- This development will also enable the creation of a new public square for local residents and businesses to enjoy which will be hugely beneficial for the area.

I hope councillors will approve this proposal.

Dear Ms Peck

Re: Centre Point.

Application Ref: 2013/1957/P & 2013/1961/L and 2013/1970/P & 2013/2000/L

I would like to register my support for the above planning applications in relation to Centre Point.

I support the proposals for the following reasons:

- The proposals for Centre Point will safeguard this magnificent listed building by refurbishing and restoring it fully.
- This is a detailed and well thought through proposal which will significantly improve the local area. It will introduce living space to what are currently under used offices, creating much needed accommodation in the area with extra footfall for local businesses during the evening and at weekends.
- The plans to introduce affordable housing at the Intrepid Fox site is welcome. Affordable housing is scarce in this part of London and its introduction at this site is an excellent and rare opportunity that should be encouraged.
- There will also be new shops, restaurants and bars, which will provide a significant amount of new jobs on site.
- This development will also enable the creation of a new public square for local residents and businesses to enjoy which will be hugely beneficial for the area.

I hope councillors will approve this proposal.

I would like to register my support for the above planning applications in relation to Centre Point.

I support the proposals for the following reasons:

- I welcome the plans to introduce affordable housing at the Intrepid Fox site. The introduction of affordable housing in this part of London is a rare opportunity that should be supported.
- There will also be new shops, restaurants and bars, which will provide a significant amount of new jobs and support the regeneration of the area.
- This development will also enable the creation of a new public square for local residents and businesses to enjoy. Currently there are very few areas like this in this part of London and its introduction would be warmly welcomed.
- This proposal will introduce living space to what are currently under used offices, creating much needed accommodation in the area with extra footfall for local businesses during the evening and at weekends.

I hope councillors will approve this proposal.

Re: Centre Point.

Application Ref: 2013/1957/P & 2013/1961/L and 2013/1970/P & 2013/2000/L

I would like to register my support for the above planning applications in relation to Centre Point.

I support the proposals for the following reasons:

- The proposals for Centre Point will safeguard this magnificent listed building by refurbishing and restoring it fully.
- This is a detailed and well thought through proposal which will significantly improve the local area. It will introduce living space to what are currently under used offices, creating much needed accommodation in the area with extra footfall for local businesses during the evening and at weekends.
- The plans to introduce affordable housing at the Intrepid Fox site is welcome. Affordable housing is scarce in this part of London and its introduction at this site is an excellent and rare opportunity that should be encouraged.
- There will also be new shops, restaurants and bars, which will provide a significant amount of new jobs on site.
- This development will also enable the creation of a new public square for local residents and businesses to enjoy which will be hugely beneficial for the area.

I hope councillors will approve this proposal.

- The plans to introduce affordable housing at the Intrepid Fox site is welcome. Affordable housing is scarce in this part of London and its introduction at this site is an excellent and rare opportunity that should be encouraged.
- There will also be new shops, restaurants and bars, which will provide a significant amount of new jobs on site.
- This development will also enable the creation of a new public square for local residents and businesses to enjoy which will be hugely beneficial for the area.

I hope councillors will approve this proposal.

Dear Ms Peck

Re: Centre Point.

Application Ref: 2013/1957/P & 2013/1961/L and 2013/1970/P & 2013/2000/L

I would like to register my support for the above planning applications in relation to Centre Point.

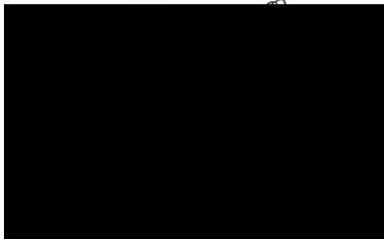

I support the proposals for the following reasons:

- I welcome the plans to introduce affordable housing at the Intrepid Fox site. The introduction of affordable housing in this part of London is a rare opportunity that should be supported.
- There will also be new shops, restaurants and bars, which will provide a significant amount of new jobs and support the regeneration of the area.
- This development will also enable the creation of a new public square for local residents and businesses to enjoy. Currently there are very few areas like this in this part of London and its introduction would be warmly welcomed.
- This proposal will introduce living space to what are currently under used offices, creating much needed accommodation in the area with extra footfall for local businesses during the evening and at weekends.

I hope councillors will approve this proposal.

Re: Centre Point.

Application Ref: 2013/1957/P & 2013/1961/L and 2013/1970/P & 2013/2000/L

I would like to register my support for the above planning applications in relation to Centre Point.

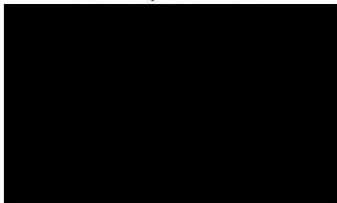

I support the proposals for the following reasons:

- The proposals for Centre Point will safeguard this magnificent listed building by refurbishing and restoring it fully.
- This is a detailed and well thought through proposal which will significantly improve the local area. It will introduce living space to what are currently under used offices, creating much needed accommodation in the area with extra footfall for local businesses during the evening and at weekends.
- The plans to introduce affordable housing at the Intrepid Fox site is welcome. Affordable housing is scarce in this part of London and its introduction at this site is an excellent and rare opportunity that should be encouraged.
- There will also be new shops, restaurants and bars, which will provide a significant amount of new jobs on site.
