Dear Sir/Madam,

Having received your Planning Application Consultation letter dated 10th May 2013, I would like to clarify one point which concerns me: "FLAT ROOF TO EXTENSION TO ADJOINING PROPERTY".

I am not too sure what exactly does this mean?. Although I have looked at all the presented plans and read the descriptions, I fail to understand if it is suggested that the new roof should be attached to our property???

I would most definitely oppose that. I do hope I have misunderstood the caption on the plans. Perhaps you could clarify?.

Anticipated thanks and kind regards,

Leonor Troni,
