AS OF NOW & MOST OF THE TIME WE ALWAYS EXPERIENCE PROBLEMS REGARDING HEATING & HOT WATER SERVICES, SO THIS PROPOSED PROJECT OF REPLACING THE COMMUNAL HEATING WATER SYSTEM IS GREAT. BUT, UNFORTUNATELY WE HAVE TO DISAGREE ON ITS SAID DESIGN OF HAVING ONE CONTROL IN A HOUSEHOLD (CENTRALISED).

SINCE WE ARE OCCUPYING A 2 BEDROOM FLAT/UNIT, THERE ARE INSTANCES THAT ONE ROOM WILL NOT USE THE HEATING, WHILST THE OTHER WILL. OFTEN TIMES & SPECIALLY DURING SLEEPING HOURS, THE HEATING ON THE SEATING ROOM WILL NOT BE USED, WHILST OUR HEATING IN THE BATHROOM MOST OF THE TIME ARE BEING USED.

TO CONCLUDE, I SUPPORT THE PROJECT, BUT HAVING SECOND THOUGHTS & DOUBTS ON THE OUTCOME OF ITS DESIGN, THEREFORE I THICK THE "OBJECT TO THE APPLICATION" BOX. BUT I BELIEVE ON THE DECISION OF THE MAJORITY & THE PLAN OF THE COUNCIL, IF IT IS FOR THE BETTERMENT OF THE FUTURE & COULD BENEFIT EVERYONE.

Please continue on extra sheets if you wish
