Planning application number..... 2013/1924/P

Planning application address..... 187-199 187-199 25 MAY 2013 mr6 2LT

I support the application (please state reasons below)

I object to the application (please state reasons below)

Your comments

The planned development is utterly "out of kilter" with its setting, its history and its "locked in" shortcomings in terms of safe, accessible entry/exit. The most crucial shortcoming is that as a site - with safety both of its denizens and residents as a priority - it has grievous positional defects. The size + number (of the buildings) aggravate the difficulties which are inextricable to the area in which they are placed. The uncertainty of the size + elevation
