I have lived in vicars rd, for 25 yrs & its always been a fairly quiet road with just the workshops opposite, now you want to build an 8 storey block. which would block out our light & our out look, As we wouldnt have the same view, the parking would be horrendous, as we have the french school in the vicars rd also. we have a very nice quiet rd at night only traffic, now it will be much more noisy why cant you leave it alone, also we've heard you are building 10 Council 1 Bedrooms & the rest you've sold off to private developers, only to make money we will also be overlooked as its a small rd.

Please continue on extra sheets if you wish
