

MR. S. AHSAN - CAFE ROMANO

14/03/2018

page

2013/2018/P/3.000①

Cafe Romano - runs 6-00/3.00 PM - Fri 1.30

Cafe, established for over 25 years,
Provides a service for local hospitals
including GO Street whose staff use the
cafe on a daily basis. No alternative
venue is available to them & between
20 & 30 of GO staff use the cafe
daily for drinks, snacks & lunches.
In addition local contractors, residents,
tourists & staff from local businesses
are regular & returning customers when
they come back to the area.
Between 20 & 30 taxis also use the
cafe for takeaways daily.

Cafe Romano, with its small outside
terrace, provides a unique & welcoming
environment in a friendly & professional

family-run setting. To see the closure of
such a diminishing group of ~~family-run~~^{independent}
businesses (now almost extinct in London)
would be the greatest shame. The page 2
character & distinctiveness of the
area needs such ~~for~~ independent "old"
businesses to counteract the increasing
"sameness" of shopping & eating which
~~is~~ consistently of national &
global businesses.
As the Council is aware throughout
St. Britain small businesses are being
forced to close in favour of large
multinational ~~businesses~~. This is a
matter of concern to many & Cafe
Domero is a perfect example of such
a facility in the heart of London. The
intimacy of the cafe would not prevent
 redevelopment of the upper floors of the building
- a large petition signed by 3 customers &
well-wishers.
