2014/4729/P	Robin Clark	41 Oakshott Court	23/08/2014 09:26:53	SUPPRT	I support this application. It makes good use of unused space - which should be encouraged in central London. It is well-designed and sits appropriately within the site context. It will enhance the appearance of the estate and have a positive effect by improving the sense of security to the courtyard below.
