2014/4509/P	david hickey	11 stockholm Apts. 86 chalk farm road nw18ar	15/08/2014 09:54:31	OBJ	<p>I object to this application as a tenant of the adjacent block (Stockholm Apartments). The Mosaic gym is currently very noisy and I am currently undertaking a noise compliant with the Council (and I also believe Nordic Mews has done the same).</p> <p>They play loud music and have a person shouting instructions to accompany certain classes, leave their front door open and regularly have open windows which exaggerates the issue. I can hear this music in my flat (no 11) despite it being on the top floor, in particular in the mornings and early evening.</p> <p>What little respite we have is that I can only hear this after I have woken up, being 7.30am weekdays/8.30am weekends. It would be disaster if they could extend working hours to potentially interrupt time when people are typically asleep, when actually they should be moving in the other direction given noise levels i.e. be having their hours restricted until they address the noise issue.</p> <p>The status of my noise complaint is that I have now received your forms to fill in for 1 week the times at which noise is most prevalent and these will be returned very shortly (I have been on hols for a few weeks so there has been a delay in completion).</p> <p>Note also that aside from the music the entrance area of the Gym is outside entrances to both my block (Stockholm Apartments) and Nordic Mews and increased activity of gym goes will only add to disturbance/noise in what is clearly a residential area.</p> <p>many thanks david</p>
