Proposal: Erection of new dwellinghouse comprising three storeys plus excavation of two basement levels, following demolition of existing.

Comments: OBJECT NO OBJECTION COMMENT

(Please tick as appropriate)

We strongly object to the substitution of by this gauche and confused design - half-heartedly attempting to "fit in". This especially as the proposal is to demolish a high-quality signature modern building, ~~with~~ which is an exemplar of the best of its period. The present scheme will greatly harm the conservation area by substituting poor-quality design. This is clear over-development, involving 2 & three basements, as well as increasing the footprint and the massing.

Name (block capitals only
