Application ref: 2014/4748/P

Associated ref(s):

Date of consultation: 24 July 2014

Proposal: Variation of condition (3) attached to planning permission referenced 2011/1097/P (granted 6th May 2011) to include timber cladding to walls and roof of the single storey rear extension, installation of clay paviors to the rear patio area and a replacement window on the side elevation at lower ground floor level in connection with existing use as a flat (Class C3)

Comments: OBJECT NO OBJECTION COMMENT
(Please tick as appropriate)

We recognise the current trend for areas of timber cladding, but are not sure that cedar cladding left untreated is an appropriate addition to this building. We note that a coating is to be specified, which will give an opportunity to ensure the closest possible relation in colour to the existing building.
