2014/4394/P	David Kitchen, SEGA	13 Parliament Hill London NW3 2SY	11/08/2014 15:44:13	OBJ	<p>To: Sally Shepherd</p> <p>Dear Sally</p> <p>South End Green Association (SEGA) objects to this application to replace a garden with an office building. It is a particularly inappropriate misuse of CA green space.</p> <p>The existing garden area has already been minimised in eco value and the proposed development would finish it off.</p> <p>The proposal is misplaced, excessive and disproportionate. It has no benefit to the conservation area or wildlife. It is visually intrusive to neighbours, subjecting them to noise-nuisance and loss of privacy and amenity.</p> <p>We hope that you will find these and other grounds sufficient to recommend refusal of the application.</p> <p>With thanks and kind regards</p> <p>David Kitchen, chair, SEGA</p>
