Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

T1 Acer pseudoplatanus (Sycamore) - Fair: 6-8m from Elmwood, causing structural problems, occluded bark at base, too close, 'honeydew', takes light - Fell and treat stumps, plant replacement tree, work to be done autumn 2014 to spring 2015.

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO.
