

GENERAL NOTES:
 Detail drawings show layouts and design intent and should be read in accordance with Architectural General Arrangement drawings, Architectural Outline Specification, and any Schedules.

All details and interfaces to be developed with Contractor and key Subcontractors. Sealant and weathertightness joints may be omitted for clarity.

Key references are typically to Architectural Outline specification.

Drawings may indicate elements to be designed and specified by other Consultants for coordination purposes. Please also refer to these drawings, schedules and specifications. Please report any discrepancies to Architect for confirmation.

Full fabrication drawings to be provided for approval of all elements, details and interfaces.

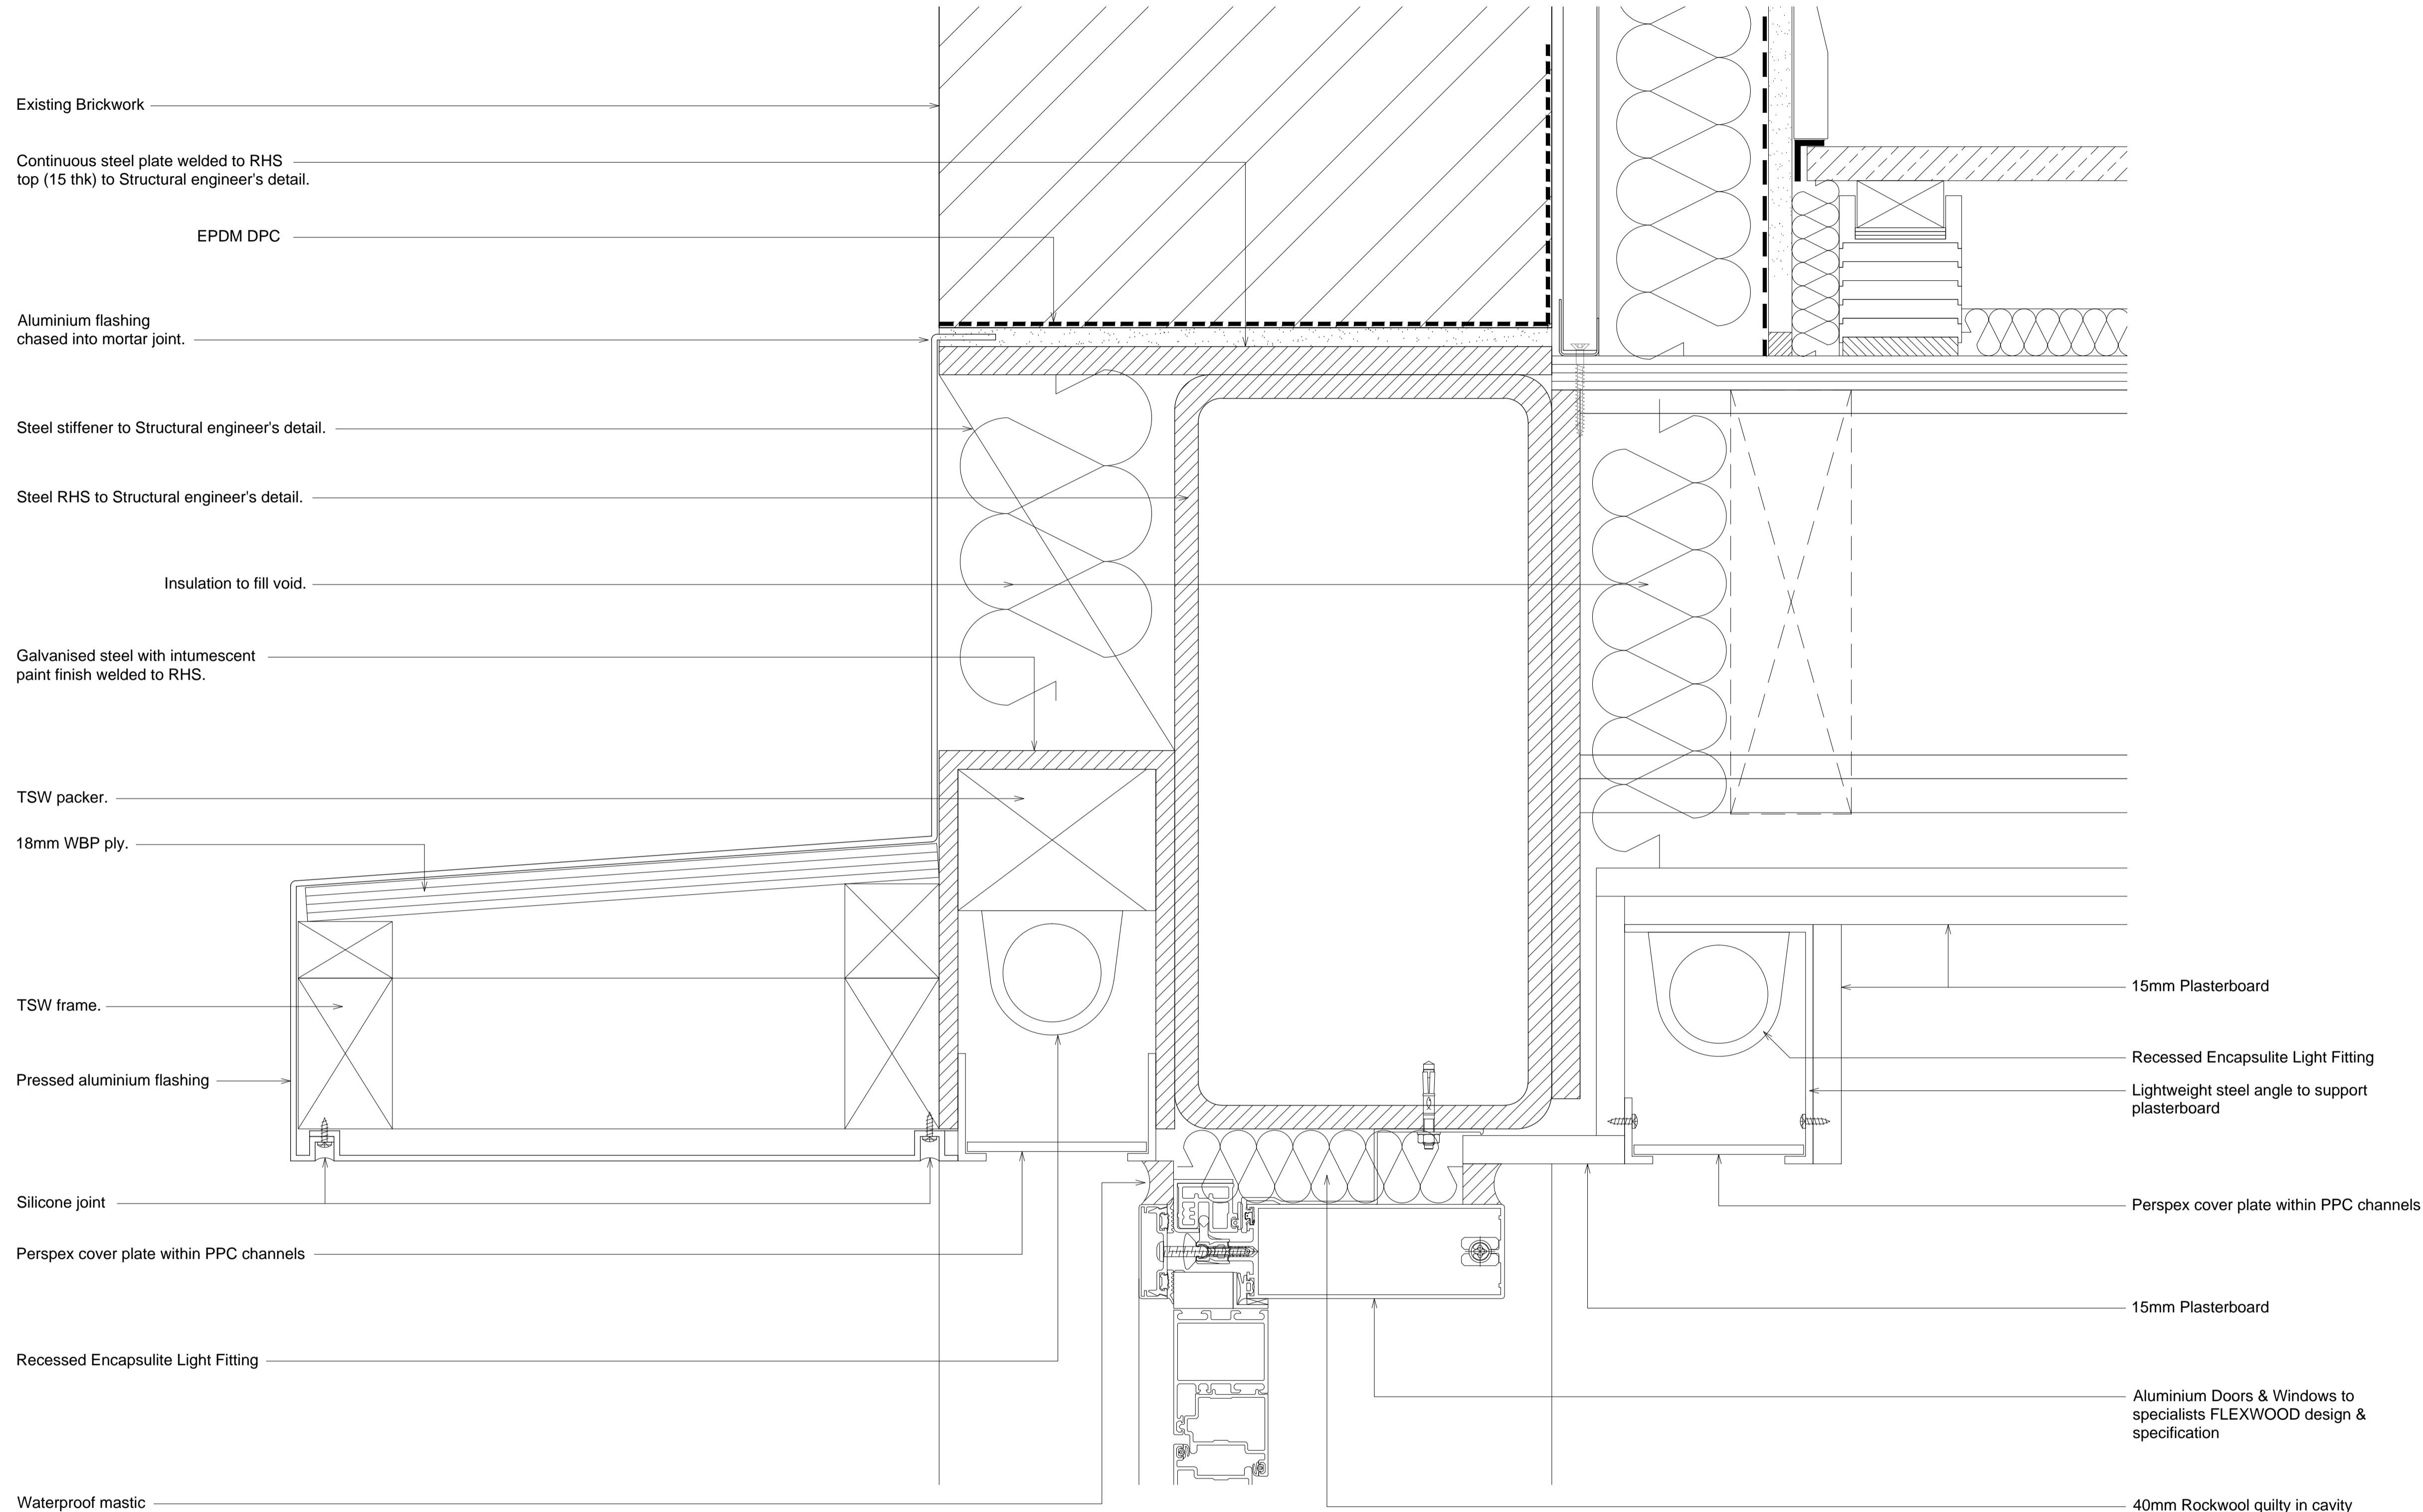

All insulation thicknesses, levels and calculations to be confirmed by the Contractor
